RS Public Int College Ladpura GB Nagar
June 2020

SUMMARY

- I am a dedicated full-stack web developer.
- I have experience building responsive and user-friendly web applications.
- I focus on clean, efficient, and scalable code.
- I am always eager to learn new technologies and best practices.
- I work well both independently and in a team environment.

Mayank Sharma

PROFILE

Passionate full-stack web developer specializing in React.js and Node.js

WORK EXPERIENCE

Web Developer, VST Growth Business

28 June 2025 - Present

- Assisted in developing and maintaining responsive web applications using React.js, Node.js, and MongoDB.
- Collaborated with the team to design intuitive user interfaces using Figma.
- Worked on front-end components, APIs, and database integration to improve application performance.
- Gained hands-on experience in debugging, deployment, and real-world project workflows.

PROJECTS

Bakery App

Fall 2025 - Fall 2025

- Built a full-stack Bakery Web App using React.js featuring a dynamic menu, cart system, and secure login-functionality.
- Implemented admin dashboard for managing products, users, and orders with role-based access control.
- Integrated user authentication and protected routes , ensuring data security and smooth user experience.
- Designed responsive and visually appealing UI layouts using Figma for a seamless customer journey.

Travel Booking App

Fall 2025 - Fall 2025

- Developed a full-featured Travel Booking Web Application using React.js, allowing users to explore, book, and manage pilgrimage tour packages easily.
- Designed and prototyped interactive UI screens in Figma , focusing on user-friendly navigation and responsive layouts.
- Planned backend features like admin tools, analytics, and role-based access for efficient platform management.

CERTIFICATE

Web Developer Intern

Completed a web development internship focused on **React.js** and **Node.js**, contributing to real-world projects and gaining hands-on experience.

ACHIVMENTS

Delivered clean, responsive, and user-friendly interfaces.
